

Welcome to the AlpPlan network kick-off-meeting!

“Rethinking trans-national cooperation and the role of open spaces in spatial planning”

Thursday, 29th October 2020, 09:00 – 14:30

Please mute yourself and turn off your webcam.

If you want to leave a question/remark, please use the meeting chat.

There is the possibility for personal verbal involvement in the final discussion
(last session)

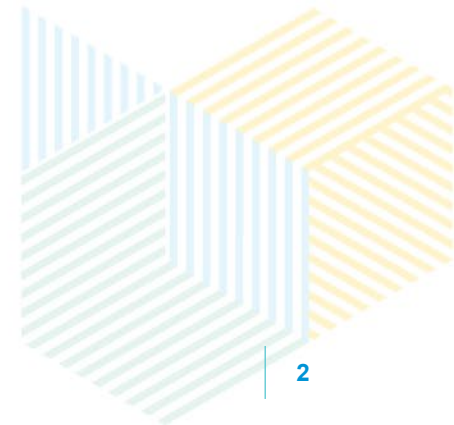

Please note that the meeting will be recorded.

agenda: overview

| | |
|-------|---|
| 09:00 | Welcome speeches |
| 09:30 | Keynote speeches |
| 10:30 | Insights from spatial planning practice |
| 11:00 | Presentation of the „OpenSpaceAlps“ project |
| 12:00 | Lunchtime Break |
| 13:00 | Presentation and discussion Establishing a trans-national alpine network of spatial planning experts, professionals and decision-makers (members, funding and institutions) & Roadmap towards a Memorandum of cooperation (MoC) |
| 14:30 | end of the event |

Moderation: *Constantin Meyer*,
Chair of Geography and Regional
Science, University of Würzburg

agenda

09:00

Welcome speeches

Academy for Territorial Development in the Leibniz Association (ARL):

Prof. Dr. Andreas Klee

Salzburg Institute for Regional Planning and Housing (SIR) (OpenSpaceAlps Leadpartner):

Walter Riedler/ Philipp Vesely

agenda

09:30 | **Keynote speeches**

Dr. Daniel Meltzian, head of the division on European Spatial Development Policy and Territorial Cohesion, German Federal Ministry of the Interior, Building and Community (BMI)

Klaus Ulrich, head of the State Spatial Development department, Bavarian Ministry of Economic Affairs, Regional Development and Energy (StMWi)

agenda

10:30 | **Insights from spatial planning practice**

Manfred Kopf, Spatial Planning and Construction Law division, Vorarlberg State Administration

agenda

11:00

Presentation of the „OpenSpaceAlps“ project

„Alpine Open Spaces - options between ecology and land-use for generations to come“

Dr. Guido Plassmann, Director of ALPARC (The Alpine Network of Protected Areas)

„Spatial planning instruments for the safeguarding of open spaces in the European Alps“

Prof. Dr. Hubert Job, Chair of Geography and Regional Science,
University of Würzburg

12:00

Lunchtime Break

agenda

| | |
|--------------|---|
| 12:00 | Lunchtime Break |
| 13:00 | Presentation and final discussion |
| | Establishing a trans-national alpine network of spatial planning experts, professionals and decision-makers (members, funding and institutions) & Roadmap towards a Memorandum of cooperation (MoC) |
| | <i>Prof. Dr. Andreas Klee</i> , head of the central department, Academy for Territorial Development in the Leibniz Association (ARL) |
| | <i>Živa Novljan</i> , Project officer, Permanent Secretariat of the Alpine Convention |
| | <i>Katharina Zwettler</i> , International Environmental Affairs division, Austrian Federal Ministry for Climate Action, Environment, Energy, Mobility, Innovation and Technology (BMK) |
| | <i>Michaela Künzl</i> , Leader of EUSALP Action Group 7, Bavarian State Ministry of the Environment and Consumer Protection (StMUV) |
| | <i>Constantin Meyer/ Philipp Vesely</i> , OpenSpaceAlps project partners |
| 14:30 | end of the event |

Presentation: considerations on the future development of the AlpPlan network

- in the first half of 2021 we will offer an **international capacity building seminar** for young professionals, scholars and advanced students on alpine open spaces (*date depends on the Covid19 developments*)
- in 2021/2022 a **Memorandum of Cooperation (MoC) in alpine spatial planning** is supposed to be negotiated and signed by different competent authorities (defining the objectives and working procedures of the future AlpPlan Network)
- together with the Academy for Territorial Development in the Leibniz Association (ARL) we intend to establish an **online platform for continuous coordination** of the network
- **annual conferences** will deal with current topics of alpine spatial development

agenda

| | |
|--------------|---|
| 12:00 | Lunchtime Break |
| 13:00 | Presentation and final discussion Establishing a trans-national alpine network of spatial planning experts, professionals and decision-makers (members, funding and institutions) & Roadmap towards a Memorandum of cooperation (MoC) <i>Prof. Dr. Andreas Klee</i> , head of the central department, Academy for Territorial Development in the Leibniz Association (ARL) <i>Živa Novljan</i> , Project officer, Permanent Secretariat of the Alpine Convention <i>Katharina Zwettler</i> , International Environmental Affairs division, Austrian Federal Ministry for Climate Action, Environment, Energy, Mobility, Innovation and Technology (BMK) <i>Michaela Künzl</i> , Leader of EUSALP Action Group 7, Bavarian State Ministry of the Environment and Consumer Protection (StMUV) <i>Constantin Meyer/ Philipp Vesely</i> , OpenSpaceAlps project partners |
| 14:30 | end of the event |

final discussion: future of the AlpPlan network

- What are currently the most important topics of transnational importance in alpine spatial development? Is open space safeguarding a matter of interest?
- How can the "AlpPlan" network provide added value in addition to existing transnational cooperation platforms? (Alpine Convention, EUSALP AGs, ArgeAlp,...)
- How can we facilitate continuous exchange between relevant stakeholders in spatial and sectoral planning? Who are the most important stakeholders to address?

If you would like to take part in the discussion personally and have the word, please indicate this in the meeting chat. We will then ask you to switch on your webcam and unmute yourself.

Thank you!

Thank you very much for your participation!

Next steps:

- you will find the documentation of this event on our project website in a few days

(www.alpine-space.eu/projects/openspacealps)

- we will ask you for permission to store your contact information in order to inform you about future activities/meetings of the network
